INTERNATIONAL UNION OF GEODESY AND GEOPHYSICS UNION GÉODÉSIQUE ET GÉOPHYSIQUE INTERNATIONALE

HISTORIQUE

L'Union Géodésique et Géophysique Internationale (UGGI) est un organisme international non gouvernemental à but non lucratif fondé à Bruxelles le 28 juillet 1919. L'UGGI se consacre à l'étude scientifique de la Terre et à l'utilisation au profit de la société des connaissances acquises grâce à cette étude. L'UGGI est l'une des trois Unions scientifiques ayant participé en 1931 à l'Assemblée constitutive du Conseil international des recherches, devenu ensuite le Conseil international des unions scientifiques (CIUS) en 1996, devenu enfin Conseil international pour la science (CIS) en 2018. Le CIS est un forum planétaire des scientifiques, qui leur permet d'échanger des idées et des informations, promeut la science en tant que bien public universel, et exprime l'expression universelle de la science. L'UGGI fournit son savoir-faire concernant les sciences de la Terre effectuées par les chercheurs dans ses Associations internationales et Commissions inter-associations.

Les neuf premiers pays membres de l'UGGI étaient l'Australie, la Belgique, le Canada, la France, l'Italie, le Japon, le Portugal, le Royaume-Uni et les États-Unis. En 2022, l'UGGI compte 73 organismes adhérents ayant une activité géodésique ou géophysique indépendante.

Au début, l'Union chapeautait six sections : Géodésie, Séismologie, Météorologie, Magnétisme et électricité terrestre, Océanographie physique et Volcanologie. Une septième section, «Hydrologie Scientifique», fut créée en 1922. Le terme «Section» fut remplacé par celui d'«Association» lors de la cinquième Assemblée générale tenue à Lisbonne, en 1933. Une huitième Association sur les Sciences Cryosphériques fut créée lors de l'Assemblée Générale de 2007 à Pérougia, Italie.

Les langues officielles de l'UGGI sont l'anglais et le français.

BACKGROUND

The International Union of Geodesy and Geophysics (IUGG) is an international, non-governmental, non-profit organization established in Brussels on 28 July 1919. IUGG is dedicated to the scientific study of the Earth and the application of knowledge gained by such studies to benefit society. IUGG was one of the first three Scientific Unions established during the Constitutive Assembly of the International Research Council, the predecessor of the International Council of Scientific Unions (ICSU) created in 1931, known as the International Council for Science since 1996, and as the International Science Council (ISC) since 2018. ISC provides a global forum for scientists to exchange ideas and information, advances science as a global public good, and presents a global voice of science. IUGG brings to ISC expertise on Earth studies from researchers in its International Associations and Inter-Association Commissions.

The first nine member countries of IUGG were Australia, Belgium, Canada, France, Italy, Japan, Portugal, the United Kingdom, and the United States. By 2022, IUGG has 73 Member Countries in which independent activity in geodesy and geophysics has been developed.

The original Union encompassed six Sections: Geodesy, Seismology, Meteorology, Magnetism and Terrestrial Electricity, Physical Oceanography, and Volcanology. A seventh section "Scientific Hydrology" was created in 1922. The term "Section" was replaced by "Association" at the 5th General Assembly held in Lisbon in 1933. The eighth Association of Cryospheric Sciences was added at the 2007 General Assembly held in Perugia, Italy.

The official languages of IUGG are English and French.

OBJECTIFS ET ACTIVITÉS DE L'UGGI

L'UGGI est une organisation purement scientifique, qui a été fondée afin de promouvoir et de coordonner les études sur les propriétés physiques, chimiques et mathématiques de la Terre et sur son environnement spatial. Ces études concernent la forme de la Terre; la nature de ses champs gravitationnel et magnétique; la dynamique de la Terre en tant qu'entité et de celle de ses composants; la structure interne, la composition et la tectonique de la Terre; la formation des magmas; la volcanologie et la genèse des roches; le cycle hydrologique, dont la neige et la glace; la physique et la chimie des océans; l'atmosphère, l'ionosphère, la magnétosphère et les relations Soleil-Terre; ainsi que les problèmes analogues propres à la Lune et aux autres planètes. Les activités de l'UGGI comprennent l'observation de la Terre par satellite et par d'autres techniques de mise en place d'instruments à haute altitude.

Programmes de recherche interdisciplinaire

L'UGGI a inauguré et activement soutenu les efforts de collaboration qui ont permis de mettre en œuvre des programmes de recherche interdisciplinaire internationaux de grande valeur, dont l'Année Géophysique Internationale (1957-1958), le Projet du Manteau Supérieur de la Terre (1964-1970), la Décennie Hydrologique Internationale (1965-1974), le Projet Géodynamique (1972-1979), le Programme Global de Recherche sur l'Atmosphère (1967-1980), le Programme Mondial de Recherche sur le Climat (1980-présent), le Programme International de la Lithosphère (1981-présent) et le Système Global d'Observation Géodésique (2003-présent). Ces programmes ont servi de modèle de coopération internationale et interdisciplinaire. L'UGGI a inauguré et soutenu des initiatives du CIUS, surtout ceux qui concernent les sciences de la Terre. L'une des contributions majeures de l'UGGI a été la création, il y a environ 60 ans, par l'intermédiaire du CIUS, du système de la Banque de Données Mondiale et de la Fédération des Services d'Analyse des Données Astronomiques et Géophysiques. Ceux-ci ont été transformés en Système de Données Mondial du CIUS qui mettra les données recueillies dans le cadre de ces grands programmes à la disposition des chercheurs du monde entier. L'UGGI a soutenu l'Année Internationale de la Terre (2007-2009) et l'Année Polaire Internationale (2007-2008) et a aussi initié et soutenu l'Année Géophysique Électronique (2007-2008), l'Année Héliophysique Internationale (2007-2008) et l'Année internationale des sciences fondamentales pour le développement (2022).

Recherche internationale en coopération

L'UGGI collabore avec l'UNESCO à l'étude des catastrophes naturelles, des océans, et de l'hydrologie. Elle attache aussi une grande importance aux problèmes scientifiques des pays en voie de développement, en parrainant des activités liées aux besoins scientifiques du tiers monde. L'UGGI est un partenaire d'autres Unions Scientifiques du CIS, par le biais des Commissions inter-unions, et ses activités correspondent avec celles de huit autres Unions du CIS (GéoUnions): l'Union

OBJECTIVES AND ACTIVITIES OF IUGG

IUGG is a purely scientific organisation established to promote and co-ordinate studies of physical, chemical, and mathematical properties of the Earth and its environment in space. These studies include the shape of the Earth; the nature of its gravitational and magnetic fields; the dynamics of the Earth as a whole and of its component parts; the Earth's internal structure, composition, and tectonics; the generation of magmas; volcanism and rock formation; the hydrological cycle including snow and ice; the physics and chemistry of the oceans; the atmosphere, ionosphere, magnetosphere and solar-terrestrial relations; and analogous problems associated with the Moon and other planets. IUGG activities embrace studies of the Earth by artificial satellites and other techniques for deploying instruments at high altitude.

Interdisciplinary Research Programs

IUGG has initiated and vigorously supported collaborative efforts that have led to highly productive world-wide interdisciplinary research programs, such as the International Geophysical Year (1957-58), the Upper Mantle Project (1964-70), the International Hydrological Decade (1965-74), the Geodynamics Project (1972-79), the Global Atmospheric Research Program (1967-80), World Climate Research Programme (1980-present), International Lithosphere Program (1981-present), Global Geodetic Observing System (2003-present) and others. These programs have set a model for international, interdisciplinary co-operation. IUGG has initiated and supported ICSU initiatives, especially those in which Earth sciences have a role to play. One major contribution was the creation, about 60 years ago, through ICSU, of the World Data Centers and the Federation of Astronomical and Geophysical Data Analysis Services. These were transformed to the ICSU World Data System, from which the data gathered during major research programs and data products will be available to researchers everywhere. IUGG supported the International Year of the Planet Earth (2007-2009) and the International Polar Year (2007-2008) and has initiated and supported the Electronic Geophysical Year (2007-2008), the International Heliophysical Year (2007-2008), and the International Year of Basic Sciences for Sustainable Development (2022).

Worldwide Co-operative Research

IUGG co-operates with UNESCO in the study of natural catastrophes, oceans, and hydrology. It also gives particular emphasis to the scientific problems of Developing Countries by sponsoring activities relevant to the scientific needs of the Third World. IUGG is a partner with other ISC Scientific Unions in inter-Union Commissions, and coordinates its activities with eight other ISC Unions (GeoUnions): the International Astronomical Union (IAU),

Astronomie Internationale (UAI), l'Association Cartographique Internationale (ACI), l'Union Géographique Internationale (UGI), la Société Internationale de Photogrammétrie et de Télédétection (SIPT), l'Union Internationale des Sciences Géologiques (UISG), l'Union Internationale pour l'Étude du Quaternaire (INQUA), l'Union Radio-Scientifique Internationale (URSI) et l'Union Internationale de la Science du Sol (UISS).

STRUCTURE

De par leur nature même, les études géodésiques et géophysiques requièrent une importante coopération internationale, de même qu'une coordination efficace. L'UGGI, heureusement, compte 73 entités adhérentes (Tableau 1); les entités adhérentes sont répartis dans le monde entier, comme le montre le Tableau 2. En outre, l'UGGI possède six membres affiliés (Tableau 3).

Comités nationaux

La grande majorité des entités adhérentes participent aux activités de l'UGGI à travers leur Comité National de l'UGGI, mis en place par l'Académie nationale ou une autre institution officielle du pays adhérent à l'Union (il existe d'autres méthodes d'adhésion). Chaque Comité national de l'UGGI est représenté aux Assemblées Générales de l'UGGI par un délégué nommé par l'entité adhérente.

Assemblées générales

Les Assemblées générales de l'UGGI ont lieu tous les quatre ans. La prochaine Assemblée générale de l'UGGI sera la XXVIII^e et se tiendra à Berlin, Allemagne, en 2023. L'UGGI tient des Assemblées Générales depuis 1922. Depuis 1963, elles ont lieu tous les quatre ans. Le Tableau 4 indique les années et les localisations des Assemblées générales de l'UGGI.

Au cours de ces Assemblées générales, on adopte les politiques régissant l'UGGI et on définit et coordonne les programmes nécessitant une participation internationale. De plus, on élabore les plans d'exécution de ces programmes de recherche. Les résultats scientifiques des programmes en cours font l'objet de discussions lors d'un grand nombre de symposiums, de réunions de commissions, de groupes de travail ou de rencontres réunissant les scientifiques assistant aux Assemblées.

Le Conseil, le Bureau et les Comités de l'UGGI

L'UGGI est dirigée par le Conseil de l'UGGI, lequel est régi par les statuts et le règlement intérieur de l'Union. Le Conseil de l'UGGI est composé des délégués accrédités des entités adhérentes. Le Conseil de l'UGGI se réunit lors de l'Assemblée Générale de l'UGGI, où il est procédé à l'élection des membres du Bureau de l'UGGI et du Comité des finances de l'UGGI. Depuis 2016 UGGI a le Conseil permanent; les membres du Conseil (2019-2023) seront présentés à la page 16.

Le Bureau de l'UGGI traite des affaires administratives entre les rencontres du Conseil. Ses membres, élus par le Conseil, sont au nombre de sept – quatre responsables (Président, Président élu, Secrétaire général et Trésorier) et trois membres associés. Le Bureau se réunit chaque année.

the International Cartographic Association (ICA), the International Geographical Union (IGU), the International Society of Photogrammetry and Remote Sensing (ISPRS), the International Union of Geological Sciences (IUGS), the International Union for Quaternary Research (INQUA), the International Union of Radio Science (URSI), and the International Union of Soil Sciences (IUSS).

STRUCTURE

By their very nature, geodetic and geophysical studies require a high degree of international co-operation as well as effective central co-ordination. IUGG is fortunate in having 73 Member Adhering Bodies (Table 1); the Members are distributed throughout the world as shown in Table 2. In addition, IUGG has six Affiliate Members (Table 3).

National Committees

The great majority of Member Adhering Bodies participate through IUGG National Committees set up by the national academy or another body in their country that adheres to the Union (other methods of adherence do occur). Each IUGG National Committee is represented at the IUGG General Assemblies by a Delegate appointed by its Adhering Body.

General Assemblies

IUGG General Assemblies are held every four years. The next XXVIII (28th) IUGG General Assembly will be held in Berlin, Germany, in 2023. IUGG General Assemblies have been held since 1922. Since 1963, they are held every four years. Table 4 lists the years and locations of IUGG General Assemblies.

During these General Assemblies, policies governing IUGG are adopted, research programs requiring international participation are formulated and coordinated. In addition, plans are drawn for the execution of research programs. The scientific results of programs in progress are discussed at the numerous Symposia, Commission and Working Group meetings, and other gatherings of scientists that are convened during these assemblies.

The IUGG Council, Bureau, and Committees

IUGG's affairs are directed by the Union Council governed by the Statutes and By-Laws of the Union. The IUGG Council is composed of one credentialed delegate from each Adhering Body. The IUGG Council meets during the IUGG General Assembly and elects the IUGG Bureau and the IUGG Finance Committee. Since 2016, IUGG has a standing Council; the Council Delegates (2019-2023) are listed on page 16.

The IUGG Bureau handles administrative affairs between Council meetings. It is elected by the Council and consists of seven members – four officers (President, President-Elect, Secretary General, and Treasurer) and three members at large. The Bureau meets annually.

Le Comité directeur de l'UGGI travaille en vue d'atteindre les objectifs scientifiques de l'Union et des Associations internationales grâce à une coordination et une définition efficace des politiques générales. Il regroupe les membres du Bureau de l'UGGI, le président sortant de l'Union et les présidents des Associations internationales.

Le Comité des finances de l'UGGI traite des affaires budgétaires avec le Trésorier de l'UGGI. Il regroupe personnes élues par le Conseil de l'UGGI. Les membres du Comité des finances ne peuvent être membres ni du Bureau de l'UGGI, ni du Comité directeur de l'UGGI.

Les Associations internationales

Les huit Associations internationales semi-autonomes de l'UGGI assument, chacune, les responsabilités relatives à une série de sujets ou de thèmes spécifiques, relevant des activités générales de l'Union. Chaque Association possède sa propre sous-structure, comme il sera expliqué ci-dessous. Les Associations internationales définissent des normes de recherche et conviennent de définitions et d'algorithmes, tels que le *Manual of Seismological Observatory Practice* ou le *Guide for Magnetic Repeat Station Surveys*. Pour les sujets importants les résolutions doivent être adoptées à l'unanimité. Ils transmettent dans le cadre de leur mission éducative les résultats de leurs recherches à la communauté scientifique internationale, aux agences gouvernementales, aux entreprises et au grand public. Les huit Associations internationales sont les suivantes:

Association Internationale des Sciences Cryosphériques (AISC)
International Association of Cryospheric Sciences (IACS)

Association Internationale de Géodésie (AIG)
International Association of Geodesy (IAG)

Association Internationale de Géomagnétisme et d'Aéronomie (AIGA)
International Association of Geomagnetism and Aeronomy (IAGA)

Association Internationale des Sciences Hydrologiques (AISH)
International Association of Hydrological Sciences (IAHS)

Association Internationale de Météorologie et des Sciences de l'Atmosphère (AIMSA)
International Association of Meteorology and Atmospheric Sciences (IAMAS)

Association Internationale pour les Sciences Physiques des Océans (AISPO)
International Association for the Physical Sciences of the Oceans (IAPSO)

Association Internationale de Séismologie et de Physique de l'Intérieur de la Terre (AISPEIT)
International Association of Seismology and Physics of the Earth's Interior (IASPEI)

Association Internationale de Volcanologie et de Chimie de l'intérieur de la Terre (AIVCIT)
International Association of Volcanology and Chemistry of the Earth's Interior (IAVCEI)

Les Associations internationales jouent également un rôle particulier en faisant bénéficier tous les pays du monde des dernières avancées scientifiques, grâce à des rencontres, des ateliers et des assemblées. Les Associations internationales tiennent leurs propres Assemblées scientifiques tous les

The IUGG Executive Committee works to further the scientific objectives of the Union and International Associations by effective co-ordination and formulation of general policies. It consists of the IUGG Bureau, the retiring president of the Union, and the Presidents of the International Associations.

The IUGG Finance Committee interacts with the IUGG Treasurer regarding budgetary matters. It consists of persons elected by the IUGG Council. The members of the Finance Committee are not members of the IUGG Bureau or the IUGG Executive Committee.

The International Associations

The eight semi-autonomous International Associations within IUGG are each responsible for a specific range of topics or themes within the overall scope of the Union's activities. Each has a sub-structure as discussed below. The International Associations work to set standards for research and agree on definitions and algorithms, such as the *Manual of Seismological Observatory Practice* or the *Guide for Magnetic Repeat Station Surveys*. Participants pass resolutions on important issues where all agree. They make research visible to the international scientific community, to governmental agencies, to industry, and to the general public through their education activities. These eight International Associations are as follows:

The International Associations also play a special role in bringing state-of-the art science to all the countries of the world through meetings, workshops, and assemblies. The International Associations convene their own Scientific Assemblies approximately every four years, generally two

quatre ans environ, généralement deux ans avant la tenue de l'Assemblée générale de l'UGGI (Tableau 5). Lors des Assemblées scientifiques, les Associations internationales parrainent des symposiums sur des sujets particuliers, souvent en partenariat.

Les géodésiens et les géophysiciens de tous les pays du monde sont invités à participer aux nombreux symposiums et ateliers des Associations internationales et des Assemblées générales de l'UGGI. Lors de ces rencontres, les scientifiques ont l'occasion de discuter de leurs méthodologies, résultats et hypothèses respectifs, et de planifier des projets de recherche en collaboration.

Les symposiums ont vocation à s'adresser tout particulièrement aux jeunes scientifiques des pays en voie de développement. L'UGGI a prévu un budget particulier pour assurer leur participation aux symposiums organisés sous l'égide de l'Union et de ses Associations.

Comme l'UGGI, les Associations internationales sont gérées par des officiers qui sont élus pendant leurs Assemblées Générales. Dans son domaine respectif, chaque Association est responsable de la définition de son propre programme et de soutenir les activités de ses propres composantes.

Commissions de l'Union

En raison de la nature interdisciplinaire des domaines traités par les Associations internationales, plusieurs Commissions de l'Union ont été créées pour assister l'Union et la communauté géophysique internationale pour promouvoir l'étude de problèmes interdisciplinaires particuliers. Ces organisations sont habilitées par le Comité directeur de l'UGGI à mener des recherches conjointes entre les Associations. Les commissions de l'Union font l'objet d'un examen et d'un remaniement lors de chaque Assemblée générale de l'UGGI. Les six Commissions suivantes sont actuellement en activité:

- Commission de l'union sur les changements climatiques et les modifications de l'environnement (CCEC)
- Commission de l'union sur la géophysique mathématique (CMG)
- Commission de l'union sur les risques géophysiques et le développement durable (GRC)
- Commission de l'union sur l'étude des profondeurs terrestres (SEDI)
- Commission de l'union sur les données et l'information (UCDI)
- Commission de l'union sur la planétologie (UCPS)

En outre, deux ou plusieurs Associations internationales peuvent créer et soutenir des groupes de travail conjoints chargés de sujets scientifiques spécifiques.

years following the IUGG General Assembly (Table 5). At Scientific Assemblies the International Associations sponsor symposia on particular topics, often in partnership with one another.

Geodesists and geophysicists from all countries of the world are encouraged to attend the numerous Symposia and Workshops of the International Associations and the General Assemblies of IUGG. At these meetings scientists have the opportunity to discuss their respective methodologies, results, and hypotheses and to plan collaborative research projects.

The Symposia are intended to be particularly helpful to younger scientists from developing countries of the world. The IUGG has made special financial provision for them to participate in the Symposia organised under the aegis of the Union and its Associations.

Like IUGG, International Associations are managed by officers who are elected during their General Assembly. Within its own discipline each Association is responsible for determining its own program of investigations and for supporting the activities of its own component parts.

Union Commissions

Owing to the interactive nature of the subject fields managed by the International Associations, several Union Commissions and a Working Group have been established which serve the Union and the international geophysical community by promoting the study of particular interdisciplinary problems. These bodies are chartered by the IUGG Executive Committee to conduct inter-association science. Union Commissions are reviewed and renewed at each IUGG General Assembly. The following six Commissions are presently active:

- Union Commission on Climatic and Environmental Change (CCEC)
- Union Commission on Mathematical Geophysics (CMG)
- Union Commission on Geophysical Risk and Sustainability (GRC)
- Union Commission on the Study of the Earth's Deep Interior (SEDI)
- Union Commission on Data and Information (UCDI)
- Union Commission on Planetary Sciences (UCPS)

In addition, two or more International Associations may set up and support joint working groups to address specific scientific topics.

Commission Inter-Unions

Le Programme International du Lithosphère, guidé par le Comité Scientifique du Lithosphère (SCL), fut établi en 1980 comme la Commission Inter-Union sur le Lithosphère (ICL) par le Conseil International des Sciences (CIUS), selon la demande de l'Union Internationale des Sciences Géologiques (IUGS) et l'Union Géodésique et Géophysique Internationale (UGGI). Le nom fut changé au Comité Scientifique sur le Lithosphère en 1999. Selon la Décision 8.4 de l'Assemblée Générale de 2005 du CIUS, le CIUS a décidé de terminer son soutien du SCL/ILP et de recommander un décalage de responsabilité vers l'UGGI et l'IUGS. Depuis cette décision, l'UGGI et l'IUGS ont ratifié la mission du ILP et ont collaboré pour re-définir l'ILP comme une entité Inter-Union. Des nouveaux Termes de Référence ont été approuvés par les deux Unions.

FINANCES

L'UGGI collecte les cotisations annuelles pour financer les projets scientifiques inter-unions, les initiatives inter-associations et les activités administratives de l'UGGI, y compris ses publications. La moitié du revenu net de l'UGGI est remis aux Associations internationales qui peuvent décider de l'utilisation de ces fonds.

Le revenu de l'Union provient des contributions annuelles des entités adhérentes. Les entités adhérentes ont le choix entre le statut de membre régulier ou de membre associé (ne payant pas de cotisation). Les entités adhérentes peuvent envoyer un délégué aux rencontres quadriennales du Conseil de l'UGGI et voter sur les affaires administratives. Les scientifiques des entités adhérentes peuvent occuper un poste de responsabilité dans les Associations internationales et ils ont un droit de vote lors des séances de travail. Les membres associés ne paient pas de cotisations, n'ont pas le droit de voter, et leurs scientifiques ne peuvent pas occuper un siège de responsabilité dans le comité exécutif ou financier de l'UGGI. Les scientifiques des entités adhérentes associés sont toutefois les bienvenus aux activités scientifiques et sociales tenues lors de toutes les rencontres de l'UGGI et des Associations internationales. Les données scientifiques et les recherches effectuées par les entités adhérentes associées sont prises en considération par les autres scientifiques, et nombreuses sont les occasions de rencontres et de collaboration avec d'autres participants de l'UGGI. Si la situation économique d'un pays ne lui permet pas l'adhésion de plein droit à l'UGGI, le statut de membre associé peut être une étape vers l'adhésion de plein droit.

Les cotisations qu'une entité adhérente régulière paye sont calculées selon un barème (en fonction de la 'catégorie - Tableau 1') défini par le Comité des finances de l'UGGI. Les catégories reflètent la situation économique du pays et à sa participation aux Assemblées Générales de l'UGGI. Les détails figurent dans le titre III des statuts et le titre III du règlement intérieur de l'UGGI. Chaque catégorie correspond à un nombre d'unités permettant de calculer la cotisation. En 2022 la valeur d'une unité de cotisation est de USD 2195. Le Comité des finances utilise un algorithme pour déterminer le montant de l'unité. Le Comité des finances examine également la catégorie

Inter-Unions Commission

The International Lithosphere Program, guided by the Scientific Committee on the Lithosphere (SCL), was established in 1980 as the Inter-union Commission on the Lithosphere (ICL) by the International Council for Science (ICSU), at the request of the International Union of Geological Sciences (IUGS) and the International Union of Geodesy and Geophysics (IUGG). The name was formally changed to the Scientific Committee on the Lithosphere in 1999. According to Decision 8.4 from the 2005 ICSU General Assembly, ICSU decided "to withdraw ICSU sponsorship from SCL/ILP and to recommend that responsibility would then shift to IUGG and IUGS." Since that time, IUGG and IUGS have reaffirmed the ILP mission and have collaborated to re-define ILP as an inter-Union body. New Terms of Reference have been approved by both Unions.

FINANCES

IUGG collects annual contributions to carry out its support for Inter-Union science, Inter-Association initiatives, and IUGG administration, including IUGG publications. One half of IUGG's net income from the previous year is passed to the International Associations to use as they see fit.

The income of the Union comes from annual contributions of the Members. Member Adhering Bodies can choose to be regular paying Members or Associate (non-paying) Members. Members may send a delegate to quadrennial meetings of the IUGG Council and vote on matters of business. Scientists from regular Members may hold office in the International Associations and vote at their business meetings. Associate Members pay no contributions, have no voting rights, and their scientists may not hold offices in the IUGG Executive Committee and Finance Committee. However, scientists from Associate Member countries are welcome to attend all scientific and social activities at all IUGG and International Association meetings. The scientific data collected and research performed within Associate Member countries is valued by other scientists and the opportunities for networking and collaboration with other IUGG participants are abundant. Associate Membership can be a first step toward regular membership, if a country's economic condition does not currently permit the payment of annual dues.

A regular Member Adhering Body pays dues according to a scale ("the category number - Table 1") established by the IUGG Finance Committee. Categories are related to the economic condition of the country and its participation in IUGG General Assemblies. Details are specified in Statute III and By-Law III of IUGG. Each category has an associated number of Units used to determine the dues to be paid. The value of a single Unit of membership in 2022 is USD 2,195. The Finance Committee uses an algorithm to determine the price of a Unit. The Finance Committee also reviews the

d'adhésion de chaque entité adhérente au moins une fois tous les quatre ans.

Tout défaut de paiement d'une cotisation par un pays entraîne son passage dans une catégorie particulière de membres sans droit de vote, dits «observateurs». Le défaut prolongé de paiement des cotisations peut entraîner l'expulsion d'un pays de l'UGGI.

category of membership for each Member Adhering Body at least every four years.

Failure to pay fees in a timely manner places a country into a special class of non-voting membership known as "observers". Continued failure to pay fees is grounds for expulsion from IUGG.

(1) According to IUGG Statute 12a, there are fourteen categories of membership in the Union, numbered 1 to 14, plus a special category, called A (Associate).

(2) According to IUGG Statute 12b and IUGG By-Law 18 a, for categories 1 to 14, each member country pays annually the number of units of contribution assigned to the category in which it adheres. Associates (Category A) do not pay an annual contribution to the Union.

(*) Adhesion in 1996 under the name of the Federal Republic of Yugoslavia which was changed to Serbia and Montenegro in 2003, and changed to Serbia in 2018.

(**) Adhesion in 1991 under the name Zaire, membership terminated in 1997.

(***) Adhesion in 1954 under the name of the USSR.

(****) Adhesion in 1995 under the name of the former Yugoslav Republic of Macedonia.

Current Officers of IUGG

Bureau of the Union

<i>President:</i>	Kathryn Whaler	UK
<i>President-Elect:</i>	Chris Rizos	AUSTRALIA
<i>Secretary General:</i>	Alexander Rudloff	GERMANY
<i>Treasurer:</i>	Niels Andersen	DENMARK
<i>Members:</i>	Stephen McNutt	USA
	Eduard Petrovsky	CZECH REPUBLIC
	Jun Xia	CHINA

Executive Committee of the Union

According to Article 10 of the Statutes of IUGG, the Executive Committee consists of:

- the Bureau (see above),
- the Immediate Past President of the Union, Michael G. Sideris (CANADA)
- the Presidents of the International Associations:

<i>IACS:</i>	Liss M. Andreassen	NORWAY
<i>IAG:</i>	Zuheir Altamimi	FRANCE
<i>IAGA:</i>	Mioara Manda	FRANCE
<i>IAHS:</i>	Berit Arheimer	SWEDEN
<i>IAMAS:</i>	Joyce E. Penner	USA
<i>IAPSO:</i>	Trevor McDougall	AUSTRALIA
<i>IASPEI:</i>	Kenji Satake	JAPAN
<i>IAVCEI:</i>	Patrick Allard	FRANCE

Finance Committee of the Union

<i>Chair:</i>	Corina Risso	ARGENTINA
<i>Members:</i>	József Ádám	HUNGARY
	Priscilla Grew	USA

Secretariat of IUGG

The Secretariat of IUGG is located in Germany:

Helmholtz Centre Potsdam
 GFZ German Research Centre for Geosciences
 Telegrafenberg, A17
 14473 Potsdam

<i>Executive Secretary:</i>	Franz G. Kuglitsch	GERMANY
<i>Assistant:</i>	Katrin Gundrum	GERMANY
<i>Webmaster:</i>	Dmitry Krupsky	RUSSIA

The Executive Secretary of IUGG is a non-voting Member of the Bureau of the Union.

IUGG Liaison Officers and Representatives

IUGG Liaison Officers with Intergovernmental Organizations (Principal Liaisons are marked by **bold**)

IUGG Representatives to organizations of the United Nations

United Nations Educational, Scientific and Cultural Organization (UNESCO):

<i>International Hydrological Programme (IHP):</i>	Christophe Cudennec Charles Fierz	FRANCE SWITZERLAND
<i>Intergovernmental Oceanographic Commission (IOC):</i>	Denise Smythe-Wright Satheesh Sheno	UK INDIA
<i>Section on Earth Sciences and Geo-Hazards Risk Reduction:</i>	Alik Ismail-Zadeh Harsh Gupta	GERMANY/RUSSIA INDIA
<i>World Meteorological Organization (WMO):</i>	Rogert Pulwarty Christophe Cudennec Charles Fierz Arnau Folch Jens Wickert Hua Zhang	USA FRANCE SWITZERLAND SPAIN GERMANY CHINA
<i>Intergovernmental Panel on Climate Change (IPCC):</i>	Franz Kuglitsch	GERMANY
<i>International Civil Aviation Organization (ICAO):</i>	David Schneider Larry Mastin	USA USA
<i>Committee of Experts on Global Geospatial Information Management (UN-GGIM):</i>	Harald Schuh	GERMANY

IUGG Representatives on ISC Committees

<i>Committee on Data for Science and Technology (CODATA):</i>	Anatoly Solovye	RUSSIA
<i>Committee on Space Research (COSPAR):</i>	Andrew W. Yau Christopher Kotsakis	CANADA GREECE
<i>Scientific Committee on Antarctic Research (SCAR):</i>	Ian Allison John Turner	AUSTRALIA UK
<i>Scientific Committee on Oceanic Research (SCOR):</i>	Trevor McDougall Joyce Penner	AUSTRALIA USA
<i>Scientific Committee on Solar-Terrestrial Physics (SCOSTEP):</i>	Renata Lukianova Peter Pilewski	RUSSIA USA
<i>World Data System (WDS):</i>	Toshihiko Iyemori Aude Chambodut Kirsten Elger	JAPAN FRANCE GERMANY

IUGG Representatives to other organizations

<i>Consultative Committee for Time and Frequency (CCTF):</i>	Claude Boucher Felix Perosanz	FRANCE FRANCE
<i>Group on Earth Observations (GEO):</i>	Michael Sideris Chris Rizos Kathryn Whaler	CANADA AUSTRALIA UK
<i>Pan-American Institute of Geography and History (PAIGH):</i>	Laura Sanchez	GERMANY/COLOMBIA
<i>World Climate Research Programme (WCRP):</i>	Lisa Alexander	AUSTRALIA

Past Officers of IUGG Bureau

PAST IUGG PRESIDENTS

1919-1933	Charles Lallemant (France)
1933-1936	William Bowie (USA)
1936-1942	Dan La Cour (Denmark)
1946-1948	Bjørn Helland-Hansen (Norway)
1948-1951	Felix A. Vening-Meinesz (Netherlands)
1951-1954	Sidney Chapman (UK)
1954-1957	Kalpathi R. Ramanathan (India)
1957-1960	John T. Wilson (Canada)
1960-1963	Vladimir V. Beloussov (USSR)
1963-1967	Joseph Kaplan (USA)
1967-1971	Jean Coulomb (France)
1971-1975	Henry Charnock (UK)
1975-1979	Attia Ashour (Egypt)
1979-1983	George D. Garland (Canada)
1983-1987	Devendra Lal (India)
1987-1991	Vladimir I. Keilis-Borok (USSR)
1991-1995	Helmut Moritz (Austria)
1995-1999	Peter J. Wyllie (USA)
1999-2003	Masaru Kono (Japan)
2003-2007	Uri Shamir (Israel)
2007-2011	Tom Beer (Australia)
2011-2015	Harsh K. Gupta (India)
2015-2019	Michael Sideris (Canada)

PAST IUGG VICE-PRESIDENTS

1919-1922	S.A.S. Prince Albert le de Monaco
	William Bowie (USA)
	Sir William Napier Shaw (UK)
	M. Tanakadate (Japan)
1922-1948	The Presidents of the Associations
1948-1951	Sydney Chapman (UK)
	Leason H. Adams (USA)
1951-1954	Gino Cassinis (Italy)
	Jacob Bjerknes (USA)
1954-1957	John T. Wilson (Canada)
1957-1960	Vladimir V. Beloussov (USSR)
	Weikko Heiskanen (Finland)
1960-1963	Julius Bartels (FRG)
	Joseph Kaplan (USA)
1963-1967	Keith E. Bullen (Australia)
	Jean Coulomb (France)
1967-1969	Hisashi Kuno (Japan)
1969-1971	Liviu Constantinescu (Romania)
1971-1975	Attia Ashour (Egypt)
1975-1979	George D. Garland (Canada)
1979-1983	Nikolai V. Shebalin (USSR)
1983-1991	Carl Kisslinger (USA)
1991-1995	Peter J. Wyllie (USA)
1995-2003	Uri Shamir (Israel)
2003-2007	Tom Beer (Australia)
2007-2011	Harsh K. Gupta (India)
2011-2015	Michael Sideris (Canada)
2015-2019	Kathryn Whaler (UK)

PAST IUGG SECRETARIES GENERAL

1919-1930	Sir Henry Lyons (UK)
1930-1946	Harold St. J.L. Winterbotham (UK)
1946-1951	James M. Stagg (UK)
1951-1963	Georges R. Laclavère (France)
1963-1973	George D. Garland (Canada)
1973-1991	Paul Melchior (Belgium) *
1991-1999	Georges Balmino (France)

1999-2007	JoAnn Joselyn (USA)
2007-2019	Alik Ismail-Zadeh (Germany/Russia)
* served as Adjoint Secretary General from 1971-1975	

PAST IUGG TREASURERS

1960-1971	Einar Andersen (Denmark)
1971-1979	Elvin Kejlsø (Denmark)
1979-1987	Ole Bedsted Andersen (Denmark)
1987-1999	Søren Gregersen (Denmark)
1999-2019	Aksel Hansen (Denmark)

PAST IUGG BUREAU MEMBERS

1957-1960	George Deacon (UK)
	J. Wallace Joyce (USA)
	Chuji Tsuboi (Japan)
1960-1963	M.S. Krishnan (India)
	Takesi Nagata (Japan)
1963-1967	Bert Bolin (Sweden)
	Valery A. Troitskaya (USSR)
1967-1971	Liviu Constantinescu (Romania)
	Thomas Malone (USA)
	Alexei M. Oboukhov (USSR)
1971-1975	William C. Ackermann (USA)
	Liviu Constantinescu (Romania)
	Nikolai V. Shebalin (USSR)
1975-1979	Nikolai V. Shebalin (USSR)
	Henri Lacombe (France)
	Carl Kisslinger (USA)
1979-1983	James C.I. Dooge (Ireland)
	Henri Lacombe (France)
	Carl Kisslinger (USA)
1983-1987	James C.I. Dooge (Ireland)
	Vladimir I. Keilis-Borok (USSR)
	Helmut Moritz (Austria)
1987-1991	Gordon McBean (Canada)
	Helmut Moritz (Austria)
	Ye Duzheng (China)
1991-1995	Gordon McBean (Canada)
	Ye Duzheng (China)
	Andrei S. Monin (Russia)

	Thorsten Wagener	GERMANY

INTERNATIONAL ASSOCIATIONS

IUGG comprises eight semi-autonomous International Associations, each responsible for a specific range of topics or themes within the overall scope of the Union's activities and each with a sub-structure discussed below. The International Associations hold Scientific Assemblies such as those since 1969 listed in Table 5.

The eight International Associations are:

Association Internationale des Sciences Cryosphériques (AISC)
International Association of Cryospheric Sciences (IACS)

Association Internationale de Géodésie (AIG)
International Association of Geodesy (IAG)

Association Internationale de Géomagnétisme et d'Aéronomie (AIGA)
International Association of Geomagnetism and Aeronomy (IAGA)

Association Internationale des Sciences Hydrologiques (AISH)
International Association of Hydrological Sciences (IAHS)

Association Internationale de Météorologie et des Sciences de l'Atmosphère (AIMSA)
International Association of Meteorology and Atmospheric Sciences (IAMAS)

Association Internationale pour les Sciences Physiques des Océans (AISPO)
International Association for the Physical Sciences of the Oceans (IAPSO)

Association Internationale de Séismologie et de Physique de l'Intérieur de la Terre (AISPI)
International Association of Seismology and Physics of the Earth's Interior (IASPEI)

Association Internationale de Volcanologie et de Chimie de l'intérieur de la Terre (AIVCIT)
International Association of Volcanology and Chemistry of the Earth's Interior (IAVCEI)

Table 5: Scientific Assemblies of the International Associations

International Association	Year	Meeting Location	Number of Participants
IASPEI	1969	Madrid, Spain	NA

* With the International Association for Biological Oceanography (IABO)

International Association of Cryospheric Sciences (IACS) Association Internationale des Sciences Cryosphériques (AISC)

www.cryosphericsscience.org

On 4 July 2007, at the XXIVth IUGG General Assembly in Perugia, Italy, the IUGG Council decided to launch the International Association of Cryospheric Sciences (IACS) as the 8th IUGG Association. IACS is now a sister organization to long established Associations such as those for Hydrological Sciences (IAHS), Meteorology and Atmospheric Sciences (IAMAS) and Physical Sciences of the Oceans (IAPSO). The decision by the IUGG Council was mainly reached in recognition of the fact that the study of the Cryosphere has to be seen on equal footing to investigations of other components of the Earth system. With the initiation of IACS, its predecessors, the International Commission for Snow and Ice (ICSI) and the Union Commission on Cryospheric Sciences (UCCS) are superseded.

IACS BUREAU 2021-2025

<i>President:</i>	Liss M. Andreassen	NORWAY
<i>Immediate Past President:</i>	Regine Hock	NORWAY / USA
<i>Secretary General:</i>	Richard Essery	UK
<i>Vice-Presidents:</i>	Minghu Ding	CHINA
	Stanislav Kutuzov	RUSSIA
	Andrew Mackintosh	AUSTRALIA

IACS DIVISIONS

Division I – Snow and Avalanches:

<i>Head:</i>	Charles Fierz	SWITZERLAND
<i>Deputy Head:</i>	Marie Dumont	FRANCE

Division II – Glaciers:

<i>Head:</i>	Gwenn Flowers	CANADA
<i>Deputy Head:</i>	Lauren Vargo	NEW ZEALAND

Division III – Ice Sheets:

<i>Head:</i>	Sophie Nowicki	USA
--------------	----------------	-----

Division IV – Sea Ice, Lake and River Ice:

<i>Head:</i>	Takenobu Toyota	JAPAN
<i>Deputy Head:</i>	Alex Fraser	AUSTRALIA

Division V – Cryosphere, Atmosphere and Climate:

<i>Head:</i>	Anais Orsi	FRANCE
--------------	------------	--------

Division VI – Planetary and other Ices of the Solar System:

<i>Head:</i>	Christine Schøtt Hvidberg	DENMARK
--------------	---------------------------	---------

IACS SERVICES

World Glacier Monitoring Service (WGMS):

<i>Director:</i>	Michael Zemp	SWITZERLAND
------------------	--------------	-------------

PAST IACS PRESIDENTS

2007-2009	Georg Kaser (Austria)
2009-2013	Ian Allison (Australia)
2013-2017	Charles Fierz (Switzerland)
2017-2021	Regine Hock (Norway/USA)

PAST IACS SECRETARIES GENERAL

2007-2011	Manfred Lange (Germany)
2011-2019	Andrew Mackintosh (Australia)

International Association of Geodesy (IAG) Association Internationale de Géodésie (AIG)

www.iag-aig.org

In April 1862, the “Mitteleuropäische Gradmessung” was initiated by a “preliminary consultation” of representatives of the states of Prussia, Austria and Saxony. It was established at the constituent conference in Berlin, October 1864, as the first international scientific association of significance and expanded to the “Internationale Erdmessung” (Association Géodésique Internationale) in 1886. At the first General Assembly of the IUGG in Rome, May 1922, it became one of the constituent Sections of the Union. It took its present name at the IUGG General Assembly in Stockholm, August 1930.

IAG EXECUTIVE COMMITTEE 2019-2023

The IAG Executive Committee consists of the Bureau, the Immediate Past President and Immediate Past Secretary General, the Commission Presidents, the Chair of the Global Geodetic Observing System, the President of the Communication and Outreach Branch, three Representatives of the Services, and two Members at Large.

IAG Bureau:

<i>President:</i>	Zuheir Altamimi	FRANCE
<i>Vice-President:</i>	Richard Gross	USA
<i>Secretary General:</i>	Markku Poutanen	FINLAND

Immediate Past President:

<i>President 2015-2019:</i>	Harald Schuh	GERMANY
-----------------------------	--------------	---------

Immediate Past Secretary General:

<i>Secr. General 2007-2019:</i>	Hermann Drewes	GERMANY
---------------------------------	----------------	---------

Commission Presidents:

<i>Commission 1:</i>	Christopher Kotsakis	GREECE
<i>Commission 2:</i>	Adrian Jäggi	SWITZERLAND
<i>Commission 3:</i>	Janusz Bogusz	POLAND
<i>Commission 4:</i>	Allison Kealy	AUSTRALIA

President of the Inter-Commission Committee on Theory:

<i>ICCT President:</i>	Pavel Novák	CZECH REPUBLIC
------------------------	-------------	----------------

Chair of the Global Geodetic Observing System (GGOS):

Basara Miyahara	JAPAN
-----------------	-------

President of the Communication and Outreach Branch:

Szabolcs Rózsa	HUNGARY
----------------	---------

Representatives of the IAG Services:

Johannes Böhm	AUSTRIA
Tom Herring	USA
Toshimichi Otsubo	JAPAN

IAG Members at Large:

Sonia Maria Alves Costa	BRAZIL
Yamin Dang	CHINA

Non-voting Members:

<i>IAG Inter-Commission Committee for Climate Research (ICCC):</i>	Annette Eicker	GERMANY
<i>IAG Inter-Commission Committee for Marine Geodesy (ICCM):</i>	Yuanxi Yang	CHINA
<i>IAG Project Novel Sensors and Quantum Technology for Geodesy:</i>	Jürgen Müller	GERMANY

<i>IAG Past Presidents:</i>	Helmut Moritz	AUSTRIA
	Ivan I. Mueller	USA
	Wolfgang Torge	GERMANY
	Fernando Sansó	ITALY
	Gerhard Beutler	SWITZERLAND
	Michael Sideris	CANADA
<i>Past Secretaries General:</i>	Chris Rizos	AUSTRALIA
	Claude Boucher	FRANCE

IAG COMMISSIONS, INTER-COMMISSION COMMITTEES and PROJECTS

Commission 1: Reference Frames

<i>President:</i>	Christopher Kotsakis	GREECE
<i>Vice-President</i>	Jean-Paul Boy	FRANCE

Commission 2: Gravity Field

<i>President:</i>	Adrian Jäggi	SWITZERLAND
<i>Vice-President</i>	Mirko Reguzzoni	ITALY

Commission 3: Earth Rotation and Geodynamics

<i>President:</i>	Janusz Bogusz	POLAND
<i>Vice-President:</i>	Cheng-Li Huang	CHINA

Commission 4: Positioning and Applications

<i>President:</i>	Allison Kealy	AUSTRALIA
<i>Vice-President:</i>	Vassilis Gikas	GREECE

IAG Inter-Commission Committee on Theory (ICCT)

<i>President:</i>	Pavel Novák	CZECH REPUBLIC
<i>Vice-President:</i>	Mattia Crespi	ITALY

IAG Inter-Commission Committee for Climate Research (ICCC)

<i>President:</i>	Annette Eicker	GERMANY
<i>Vice-President:</i>	Carmen Böning	USA

IAG Inter-Commission Committee on Marine Geodesy (ICCM)

<i>President:</i>	Yuanxi Yang	CHINA
<i>Vice-President:</i>	Heidrun Kopp	GERMANY

IAG Project Novel Sensors and Quantum Technology for Geodesy (QuGe)

<i>President:</i>	Jürgen Müller	GERMANY
<i>Vice-President:</i>	Marcelo Santos	CANADA

IAG SERVICES

Bureau Gravimetric International (BGI):

<i>Director:</i>	Sylvain Bonvalot	FRANCE
------------------	------------------	--------

International Geodynamics and Earth Tide Service (IGETS)

<i>Chair:</i>	Hartmut Wziontek	GERMANY
<i>Director Central Bureau:</i>	Jean-Paul Boy	FRANCE

International Centre for Global Earth Models (ICGEM):

<i>Director:</i>	Elmas Sinem Ince	GERMANY
------------------	------------------	---------

International Digital Elevation Model Service (IDEMS):

<i>Director:</i>	Kevin M. Kelly	USA

1975-1983	Naoshi Fukushima (Japan)
1983-1995	Michael Gadsden (UK)
1995-1999	JoAnn Joselyn (USA)
1999-2001	Herbert W. Kroehl (USA)
2001-2009	Bengt Hultqvist (Sweden)
2009-2019	Mioara Manda (France)

International Association of Hydrological Sciences (IAHS) Association Internationale des Sciences Hydrologiques (AISH)

<http://iahs.info>

At the First IUGG General Assembly (Rome, 1922), the *Section d'Hydrologie Scientifique* became one of the constituent *sections* of the Union. At the IV IUGG General Assembly (Stockholm, 1930) it became the *International Association of Scientific Hydrology*. It took its present name at the XV IUGG General Assembly (Moscow, 1971).

IAHS OFFICERS, 2021-2025

<i>President:</i>	Berit Arheimer	SWEDEN
<i>Secretary General:</i>	Christophe Cudennec	FRANCE
<i>Honorary President:</i>	Dan Rosbjerg	DENMARK
<i>Vice-Presidents:</i>	Salvatore Grimaldi	ITALY
	Paola Passalacqua	ITALY/USA
	Zongxue Xu	CHINA
<i>Treasurer:</i>	Kate Heal	UK
<i>HSJ Editor-in-Chief</i>	Attilio Castellarin	ITALY
<i>Executive Secretary:</i>	Claire Lupton	UK

IAHS INTERNATIONAL COMMISSIONS

International Commission on Continental Erosion (ICCE)

<i>President:</i>	Adrian Collins	UK
<i>President-Elect:</i>	Paolo Porto	ITALY
<i>Vice-Presidents:</i>	Yuri Jacques A. B. da Silva	BRAZIL
	Xudong Fu	CHINA
	Allen Gellis	USA
<i>Secretary:</i>	Sergey Chalov	RUSSIA
<i>ECC Representative:</i>	Joris Eekhout	SPAIN

International Commission on Coupled Land-Atmosphere Systems (ICCLAS)

<i>President:</i>	Harald Kunstmann	GERMANY
<i>President-Elect:</i>	Richard Petrone	CANADA
<i>Vice-Presidents:</i>	Monica Garcia	SPAIN/USA
	Kaniska Mallick	INDIA/LUXEMBOURG
	Fuqiang Tian	CHINA
<i>Secretary:</i>	Chris White	UK
<i>ECC Representative:</i>	Tirthankar Roy	USA

International Commission on Groundwater (ICGW)

<i>President:</i>	Aldo Fiori	ITALY
<i>President-Elect:</i>	Felipe de Barros	BRAZIL/USA
<i>Vice-Presidents:</i>	Roseanna Neupauer	USA
	Daniele Pedretti	ITALY/FINLAND
	Alraune Zech	GERMANY
<i>Secretary:</i>	Antonio Zarlenga	ITALY
<i>ECC Representative:</i>	Michelle Newcomer	USA

International Commission on Remote Sensing (ICRS)

<i>President:</i>	Yangbo Chen	CHINA
<i>President-Elect:</i>	Amir AghaKouchak	IRAN/USA
<i>Vice-Presidents:</i>	Yaning Chen	CHINA
	Chris Hopkinson	CANADA
	Maria Jose Polo Gomez	SPAIN
<i>Secretary:</i>	Gilles Boulet	FRANCE
<i>ECC Representative:</i>	Kartic Bera	INDIA

International Commission on Statistical Hydrology (ICSH)

<i>President:</i>	Ashish Sharma	AUSTRALIA
<i>President-Elect:</i>	Elena Volpi	ITALY
<i>Vice-President and ECC Representative:</i>	Svenja Fisher	GERMANY

<i>Vice-Presidents:</i>	Yuanfang Chen	CHINA
	Krzysztof Kochanek	POLAND
<i>Secretary:</i>	Ilaria Prosdocimi	ITALY

International Commission on Snow and Ice Hydrology (ICSIH)

<i>President:</i>	Tobias Jonas	SWITZERLAND
<i>President-Elect:</i>	Melody Sandells	UK
<i>Vice-Presidents:</i>	Tim Link	USA
	James McPhee	USA/CHILE
	S. McKenzie Skiles	USA
<i>Secretary:</i>	Vsevolod Moreydo	RUSSIA
<i>ECC Representative:</i>	Elzbieta Czyzowska-Wisniewski	USA

International Commission on Surface Water (ICSW)

<i>President:</i>	Gil Mahé	FRANCE
<i>President-Elect:</i>	David Hannah	UK
<i>Vice-Presidents:</i>	Ernest Amoussou	BÉNIN
	Alain Dezetter	FRANCE
	Guoqing Wang	CHINA
<i>Secretary:</i>	Yonca Cavus	TURKEY
<i>ECC Representative:</i>	Honeyeh Iravani	UK

International Commission on Tracers (ICT)

<i>President:</i>	Christine Stumpp	GERMANY/AUSTRIA
<i>President-Elect:</i>	Zhonghe Pang	CHINA
<i>Vice-Presidents:</i>	Søren Jessen	DENMARK
	Maki Tsujimura	JAPAN
	Tricia Stadnyk	CANADA
<i>Secretary:</i>	Przemyslaw Wachniew	POLAND
<i>ECC Representative:</i>	Giovanny Mosquera	ECUADOR

International Commission on Water Quality (ICWQ)

<i>President:</i>	Wouter Buytaert	UK
<i>President-Elect:</i>	Xiaohong Chen	CHINA
<i>Co-President-Elect:</i>	Elango Lakshmanan	INDIA
<i>Vice-Presidents:</i>	Alena Bartosova	CZECH REP./SWEDEN
	Stefan Krause	GERMANY/UK
	Hong-yi Li	CHINA/USA
<i>Secretary:</i>	Geneviève Ali	CANADA
<i>ECC Representative:</i>	Jean Nepomuscene Namugize	RWANDA

International Commission on Water Resources Systems (ICWRS)

<i>President:</i>	Andreas Schumann	GERMANY
<i>President-Elect:</i>	Barry Croke	AUSTRALIA
<i>Vice-Presidents:</i>	Jennifer Adam	USA
	Jean-Marie Kileshye Onema	DR CONGO / ZIMBABWE
	Marloes Mul	NETHERLANDS
<i>Secretary:</i>	Alberto Viglione	ITALY
<i>ECC Representative:</i>	Gökçen Uysal	TURKEY

International Association of Meteorology and Atmospheric Sciences (IAMAS) Association Internationale de Météorologie et des Sciences de l'Atmosphère (AIMSA)

www.iamas.org

Right at the start of IUGG in July 1919, the *Section de Météorologie* became one of the constituent *sections* of the Union. At the fourth IUGG General Assembly (Stockholm, 1930) it became the *International Association of Meteorology*. It was renamed *International Association of Meteorology and Atmospheric Physics* at the eleventh IUGG General Assembly (Toronto, 1957) and, more general, *International Association of Meteorology and Atmospheric Sciences* in 1993.

IAMAS EXECUTIVE COMMITTEE 2019-2023

International Association of Seismology and Physics of the Earth's Interior (IASPEI) Association Internationale de Séismologie et de Physique de l'Intérieur de la Terre (AISPIT)

www.iaspei.org

At the Sixth International Congress of Geography (London, 1895), G. Gerland (Germany) presented E. v. Rebeur-Paschwitz' ideas on the necessity of an international cooperation in seismology. At the Seventh Congress (Berlin, 1899) a *Commission séismologique permanente* was created. The first meeting of the Commission was held in Strasbourg in 1901 under the name of *Première Conférence Séismologique Internationale*. Subsequent conferences were held in Strasbourg (1903) and Berlin (1905). During the 2nd Strasbourg meeting, an international convention had been drafted to form the *Association Internationale de Séismologie* by signatures of member states. After being signed by 18 states the convention came in power on 1 April 1904. It consisted of a permanent *Bureau* located in Strasbourg, *General Assemblies* and a *Commission Permanente*. The *Commission Permanente* was formed during the Berlin conference and met in Rome (1906), The Hague (1907), Zermatt (1910), Manchester (1911), and Strasbourg (1922). General Assemblies were held jointly in The Hague, Manchester, and Strasbourg. The Association was dissolved by the Strasbourg General Assembly. At the first IUGG General Assembly (Rome, 1922), seismology became one of the constituent Sections of the Union. It changed its name to *International Association of Seismology* at the IV IUGG General Assembly (Stockholm, 1930) and took its present name at the IX IUGG General Assembly (Bruxelles, 1951). For a detailed account of the history of the International Association of Seismology and Physics of the Earth's Interior, see: J. H. Hodgson, *Our Association, its Past as a Guide to its Future* (Comptes Rendus de l'AISPIT, n15, Première Partie, 12-28, 1967); J.-P. Rothé, *Fifty Years of the International Association of Seismology (1901-1951)* (BSSA, 71, 905–923, 1981); R. Adams, *International Seismology* (in *International Handbook of Earthquake & Engineering Seismology*, ed. by Willie Lee et al., 29-37, 2002); and J. Schweitzer & T. Lay, *IASPEI: its origins and the promotion of global seismology* (History of Geo- and Space Sciences, 10, 173-180, 2019).

International Association of Volcanology and Chemistry of the Earth's Interior (IAVCEI) Association Internationale de Volcanologie et de Chimie de l'Intérieur de la Terre (AIVCIT)

www.iavceivolcano.org

At the First General Assembly of IUGG (Rome, 2-10 May 1922), the *Section de Vulcanologie* became one of the constituent sections of the Union. This name was changed into *Association Internationale de Vulcanologie* at the Fourth IUGG General Assembly (Stockholm 1930). The present name of IAVCEI was adopted at the Moscow General Assembly in 1971.

IAVCEI BUREAU 2019-2023

NATIONAL COMMITTEES, ADHERING ORGANIZATIONS, NATIONAL CORRESPONDENTS OF THE ASSOCIATIONS

ANNUAIRE 2022 YEARBOOK

The composition of the National Committees and, in consequence, the names of the officially accredited national representatives to the Union and its eight Associations are in conformity with what was communicated to the IUGG Secretariat in 2021.

La composition des Comités Nationaux et par voie de conséquence les noms des représentants nationaux officiellement accrédités auprès de l'Union et de ses huit Associations sont conformes à ce qui a été communiqué au Secrétariat de l'UGGI en 2021.

LIST OF ACRONYMS

AGU	American Geophysical Union
BGI	International Gravimetric Bureau
BIPM	Bureau International des Poids et Mesures
CCEC	Commission on Climatic and Environmental Change
CMG	Commission on Mathematical Geophysics
CODATA	Committee on Data for Science and Technology
COSPAR	Committee on Space Research
EMSEV	IAGA/IASPEI/IAVCEI Inter-Association Working Group on Electromagnetic Studies of Earthquakes and Volcanoes
FAGS	Federation of Astronomical and Geophysical Data Analysis Services
GGOS	Global Geodetic Observing System
GOOS	Global Ocean Observing System
GRC	Commission on Geophysical Risk and Sustainability
IACS	International Association of Cryospheric Sciences
IAG	International Association of Geodesy
IAGA	International Association of Geomagnetism and Agronomy
IAHS	International Association of Hydrological Sciences
IAMAS	International Association of Meteorology and Atmospheric Sciences
IAPSO	International Association for the Physical Sciences of the Ocean
IASPEI	International Association of Seismology and Physics of the Earth's Interior
IAU	International Astronomical Union
IAVCEI	International Association of Volcanology and Chemistry of the Earth's Interior
ICAO	International Civil Aviation Organization
ICET	International Council of Earth Tides
ICSU	International Council for Science
IGES	International Geoid Service
IHP	International Hydrological Programme
ILP	International Lithosphere Program
IOC	International Oceanographic Commission
IO3C	International Ozone Commission
ION	International Ocean Network
IPGH	Instituto Panamericano de Geografia Historia (also PAIGH)
ISC	International Science Council
ISGI	International Service of Geomagnetism Indices
IUGG	International Union of Geodesy and Geophysics
IUGS	International Union of Geological Sciences
PAIGH	PanAmerican Institute of Geography and History
SCAR	Scientific Committee on Antarctic Research
SCL	Scientific Committee on the Lithosphere
SCOR	Scientific Committee on Ocean Research
SCOSTEP	Scientific Committee on Solar-Terrestrial Physics
SEDI	Study of the Deep Interior of the Earth
UCDI	Union Commission on Data and Information
UCPS	Union Commission on Planetary Sciences
UNESCO	United Nations Educational, Scientific and Cultural Organization
URSI	Union Radio Scientifique Internationale
WCRP	World Climate Research Programme
WDC	World Data Center
WDS	ICSU World Data System
WMO	World Meteorological Organization
