

Manfred A. Lange

CYPRUS

Manfred A. Lange received a PhD in Geophysics from the University of Kiel, Germany in 1980. After a two-year post-doctoral fellowship at the Californian Institute of Technology in Pasadena, California, USA, he held a position as staff scientist/glaciologist at the Alfred-Wegener-Institute for Polar and Marine Research (AWI) in Bremerhaven, Germany. From 1992 to 1995, he was the Director of the Arctic Centre at the University of Lapland in Rovaniemi, Finland. Between 1995 and 2007, Manfred Lange was appointed full Professor in Geophysics (a position he still holds) and since 1998, he was also the Director of the at the University of Münster's Center for Environmental Research(Germany). Manfred Lange has been and continuous to be coordinator and participant of numerous projects of the European Union and the European Science Foundation and has coordinated various nationally funded research projects in Germany, Finland and Cyprus. In 2003, he spent six months as a guest scientist at the *Foundation for Research and Technology*, Hellas in Heraklion, Greece. He is the founding Director of the Energy, Environment and Water Research Center of the Cyprus Institute in Nicosia, Cyprus (www.cyi.ac.cy) since September 2007. Since April 2013, he is the acting Vice President for Research of the Cyprus Institute. His main research interests include the assessment of climate change impacts, renewable energy sources and energy- and water use efficiency in the built environment.
