

IUGG Grants Program 2026-2027 Application Form

Name of Lead Applicant

select one Lead Applicant

- International Association of Cryospheric Sciences (IACS)
 - International Association of Geodesy (IAG)
 - International Association of Geomagnetism and Aeronomy (IAGA)
 - International Association of Hydrological Sciences (IAHS)
 - International Association of Meteorology and Atmospheric Sciences (IAMAS)
 - International Association for the Physical Sciences of the Oceans (IAPSO)
 - International Association of Seismology and Physics of the Earth's Interior (IASPEI)
 - International Association of Volcanology and Chemistry of the Earth's Interior (IAVCEI)
 - Union Commission on Climate and Environmental Change (CCEC)
 - Union Commission on Mathematical Geophysics (CMG)
 - Union Commission on Geophysical Risk and Sustainability (GRC)
 - Union Commission on the Study of the Earth's Deep Interior (SEDI)
 - Union Commission on Planetary Sciences (UCPS)
-

Name of Supporting Applicant(s)

select one or more Supporting Applicant(s)

- International Association of Cryospheric Sciences (IACS)
 - International Association of Geodesy (IAG)
 - International Association of Geomagnetism and Aeronomy (IAGA)
 - International Association of Hydrological Sciences (IAHS)
 - International Association of Meteorology and Atmospheric Sciences (IAMAS)
 - International Association for the Physical Sciences of the Oceans (IAPSO)
 - International Association of Seismology and Physics of the Earth's Interior (IASPEI)
 - International Association of Volcanology and Chemistry of the Earth's Interior (IAVCEI)
 - Union Commission on Climate and Environmental Change (CCEC)
 - Union Commission on Mathematical Geophysics (CMG)
 - Union Commission on Geophysical Risk and Sustainability (GRC)
 - Union Commission on the Study of the Earth's Deep Interior (SEDI)
 - Union Commission on Planetary Sciences (UCPS)
-

Project title

Requested amount in USD

max. USD 20,000

Project Principal Participant(s)

max. 1,000 characters

name, affiliation, email address

Priority area

Please identify the category or categories in which the proposal best fits

Creation of new knowledge in Earth and space sciences

Dissemination of knowledge, data and information on geophysics and geodesy

Geoscience for sustainable development

Geoscience and policy interface

Geoscience education and outreach in developing countries

Networking of early-career scientists in geoscience

How will IUGG support benefit the development of the selected priority area?

max. 500 characters

Project plan

State clearly: (i) how the project will contribute to the international cooperation in Earth and space sciences; (ii) what the objectives of the project are; and (iii) who the beneficiaries of the projects are. Elaborate on its relevance to the review criteria – international cooperation, innovative and interdisciplinary nature, inclusion, visible and measurable outputs, etc.

Objectives

max. 2,000 characters

Project description: background and rationale, and work plan

max. 5,000 characters

Relevance to review criteria

max. 2,000 characters

Expected results

max. 2,000 characters

What outcomes are expected from the project: publications (including audience and dissemination plan), new program initiatives, etc. Explain how an IUGG grant can strengthen the overall program of work, e.g., leveraging funds from other sources, enhancing visibility, enhancing impact or role of Union Association or Union Commission. Assess potential follow-on action, which may result from the activity.

The role of Supporting Applicant(s)

max. 2,000 characters

The role of Supporting Applicant(s), should be described. New partnerships are particularly encouraged and should be clearly identified as such.

Project budget (in USD)

max. 2,000 characters

Please specify (i) estimated breakdown of cost including e.g., travel/accommodation for meetings, training, coordination, research, and (ii) amount provided by other sponsors

Note that Lead Applicant may submit one application only.

Note that proposals should be aligned with the 2019 IUGG Resolution #1, that seeks to reduce the Carbon Footprint of IUGG activities. This implies that air travel should be kept to a minimum, and priority assigned to travel grants within continental areas that can be serviced by modes of transport other than by air.

Please submit the form to secretariat@iugg.org by 1 April 2026.
